TTOS will be a holding One-Day “Basic Tracking for Patrol” Class Wednesday, the 3rd of October, 2012

TTOS level one will train selected law enforcement personnel in **Basic Tracking Techniques**.

Course modules include:

Concepts:

- Introduction and history.
- Concepts
- The “Natural State”.
- Indicators (spoor) and what they can (and can’t) tell you.
- Individual spoor search techniques

Application:

- The Spoor Pit.
- Micro-tracking
- Macro-tracking
- Two-person tactics

TTOS “Tracking for Patrol” is designed for situations where one or two patrol officers are available immediately and can begin a track without the delay of waiting for K-9.

The course helps the first responder to recognize and preserve track-based evidence that might otherwise be overlooked.

TTOS instructors are all active or retired law enforcement or military personnel, with extensive tracking backgrounds.

COST: The cost of this course is **\$100** per student.

Space is limited in order to maintain an optimum instructor/student ratio.
